

Friday 8th February 2008

Yesterday's lobby at the Welsh Assembly was a great success. We were joined by over 70 supporters and 27 Assembly Members, including the First Minister and senior spokes people from across the parties. We also received extensive coverage, from all three TV stations and a number of media outlets, throughout the day.

I would like to sincerely thank all those involved in helping us reach these achievements. Attached are two photographs of the Lobby.

I have included below listings and links to some of the coverage we have already received.
